

APPLICATION FOR PERMIT TO DEVELOP IN A SPECIAL FLOOD HAZARD AREA

MORGAN COUNTY, ALABAMA
COMMUNITY NUMBER 010175

PERMIT NUMBER _____

The Undersigned hereby makes application for a permit to develop in a designated Flood Hazard Area (100 Year Floodplain). The work to be performed is described below and in attachments hereto. The undersigned agrees that all such work shall be done in accordance with the requirements of the Flood Damage Prevention Ordinance of Morgan County and with all other applicable Federal, State, and local regulations.

Owner or Authorized Agent's Name: _____
Builder/Contractor's Name: _____
Property Address: _____
Phone and Fax Numbers: _____
Site Location (include tax parcel identification) _____

TO BE COMPLETED BY APPLICANT:

Section A. Description of Work (Check Appropriate Item(s)).

- | | |
|--|--|
| 1. Proposed Development Description: | 2. Type of Construction: |
| <input type="checkbox"/> Alteration or Repair | <input type="checkbox"/> Accessory Structure |
| <input type="checkbox"/> Filling | <input type="checkbox"/> Addition |
| <input type="checkbox"/> Relocation | <input type="checkbox"/> Demolition |
| <input type="checkbox"/> Grading | <input type="checkbox"/> Non-residential |
| <input type="checkbox"/> New Construction | <input type="checkbox"/> Improvement (to existing Structure) |
| <input type="checkbox"/> Manufactured (Mobile) Home Installation | <input type="checkbox"/> Residential |
| <input type="checkbox"/> Dredging | <input type="checkbox"/> Temporary Structure |
| <input type="checkbox"/> Subdivision | <input type="checkbox"/> Other (Describe) |
| <input type="checkbox"/> Water Course Alteration | |
| <input type="checkbox"/> Other (Describe) | |

3. Comments:

[Click here and add any additional comments.](#)

4. **NOTE:** Applicant understands and agrees that: This permit is issued on the conditions and facts described; any permit may be repealed if conditions or facts change; permit void if the activity has not begun within 180 days of the issuance date; and the permit will remain valid for one year from date of issuance.

Section B. Alterations, Additions, or Improvements to an existing structure.

1. What is the estimated market value of the existing structure? \$ _____
2. What is the estimated cost of the proposed construction? \$ _____
3. If the cumulative cost of the proposed construction in conjunction with any previous improvements during a ten (10) year rolling period equals or exceeds 50 percent of the market value of the structure then substantial improvement/damage requirements apply. (Complete Substantial Improvement/Damage Certification forms).

Section C. Site Identification.

1. Is the proposed development in an identified floodway? Yes No
2. If the answer to item one, Section C., is Yes, has a "No Rise" Certification been completed and attached?
3. What flood zone and panel number appear on the Flood Insurance Rate Map (FIRM) or Flood Hazard Boundary Map (FHBM) in the proposed development area?

Zone	Panel Number
-------------	---------------------
4. What is the Base Flood Elevation (BFE) at the site? Feet above Mean Sea Level (M.S.L.)
5. What is the required Lowest Floor Elevation (Including Basement)? Feet M.S.L.
6. What is the elevation to which all attendant utilities, including all heating and electrical equipment will be installed or floodproofed? Feet M.S.L.
7. If the structure is floodproofed, the required floodproofing elevation is N/A feet/foot above BFE (Two feet minimum).
8. Will the proposed development require alteration of any watercourse? Yes No

Section D. Non-Residential Construction

1. Type of flood protection method used? (Check correct box(es)) Flood proofing Elevation

NOTE: Appropriate, current FEMA Form Required.

TO BE COMPLETED BY COUNTY ENGINEERING DEPARTMENT

Section E. Administrative.

1. The applicant understands that an on-site inspection is required at the time of completion of the lowest floor and/or lowest horizontal supporting member is in place.
2. At the time of inspection, a certified **Elevation Certificate** using a current FEMA Form 81-31 is required to be on-site and the original on file In the Inspection Department Office.
3. If for any reason the elevation does not comply with the required height above BFE (Base Flood Elevation) alterations will be required to be made before continuing construction.
4. A Final Inspection is required on the structure after the building is completed and ready for occupancy. The benchmark is to be left on site until the development is completed at that location.
5. Provide a "As Built" Floodproofing certification, if required, by a registered professional engineer.
6. Applicant is responsible for acquiring (required and approved) Local, State, or Federal permits prior to the start of construction.
7. Comments: (Attach additional comments if necessary)

Section F. Subdivision.

1. Does this subdivision or other development contain 50 lots or 5 acres (whichever is less)? Yes No
2. If yes, has flood elevation data been provided by the developer? Yes No

Section G. Attachments: (Check and provide all that apply)

- Site Plan required showing buildings and improvements, flood zones, base flood elevation (a completed FEMA Elevation Certificate is required for each structure.)
- Building flood proofing (FEMA Flood proofing Certificate required) plans by registered architect or professional engineer. (Required for non-residential floodproofing in lieu of Elevation Certificate)
- Building elevation plans by registered architect or professional engineer. (Required for elevated construction)
- An "Approximate" zone elevation determination by professional land surveyor or registered professional engineer and submitted on a FEMA Elevation Certificate. (Required for areas where a Base Flood Elevation has not been determined by FEMA)
- "No-Rise/No-Impact" certification by a registered professional engineer. (Required for development in floodway to include hydraulic analyses supported and submitted on FEMA Form MT-2)

I, the undersigned, understand that I Must comply with the Morgan County Flood Damage Prevention Ordinance (Resolution) and all applicable Local, State, and FEMA regulations. In addition, permanent electrical service will not be energized until all provisions are compliant.
